Wholesale Trade List

SPRING 1961

★ OUR GUARANTEE

All items are guaranteed to be true to name and of the size and age indicated. We have been growers of lining out stock for 95 years and consider our host of old and new customers our greatest asset. We always strive to please and do not consider any deal complete until our customer is satisfied in every respect.

★ TERMS

Cash in full with order earns 3% discount. Boxing and baling will be charged at actual cost only. Cash customers will be billed for boxing after shipment.

★ TO ESTABLISHED CREDIT

1%—10 days from date of invoice. All accounts due 30 days from date of invoice.

★ RATES

25 of same size and variety earns 100 rates, 250 of same size and variety earns 1000 rates. If less than 25 trees of same size and variety are ordered, add 20% to 100 rate.

★ CASH DISCOUNTS

When cash in full accompanies the order and order is received previous to April 1 for spring shipping season or previous to September 1 for fall shipping season, then we will allow 3% cash discount. If the trees are picked up here at the nursery during the shipping season and paid for in full at time of pick up, then we will allow 2% cash discount. If the invoice is paid within ten days from date of invoice our new policy will be to allow 1% discount. Net 30 days.

LONG DISTANCE PHONES—

3-5320

Evergreen Nursery Co.
Sturgeon Bay, Wisconsin

— Est. 1864 —

**WISCONSIN'S LARGEST
WHOLESALE NURSERY**

Lining Out Stock

ONE OR A MILLION!!

EXPLANATION — PLEASE NOTE!

After each item 2 or 3 yr. sdlgs. indicates the age of the tree and 'sdlg' indicates seedlings, such as 1 yr. sdlgs. means one year seedlings, 2 yr. sdlgs. indicates 2 year seedlings. Each 'X' after an item in transplanted, XX is twice transplanted.

ARBOR VITAE

TECHNY DARK GREEN ARBOR VITAE

DARK GREEN ARBOR VITAE—

Techny dk. green

This is the newest and very best in dark green Arbor Vitae. More dense growing than Pyramidal, but a little wider at base. An up and coming evergreen. Reports from our customers throughout midwest, ever since its introduction indicate that this selection really stays green all winter regardless of conditions.

ONE OR A MILLION

UNDERSTOCKS

We specialize in the production of quality understocks. Every tree is carefully graded for caliper (3/16 to 1/4 in.) and for straight clean stems. Unfortunately we are sold out on Juniper understocks for this year, but can still do some excellent Norway Spruce and Am. Arbor Vitae. Same price either variety. Pot your understocks in spring for best results.

\$15.00 per 100

\$100.00 per 1000

You haven't seen good understocks
until you have used ours.

Cash with order earns 3% discount

LARCH

EUROPEAN LARCH—*Larix decidua*

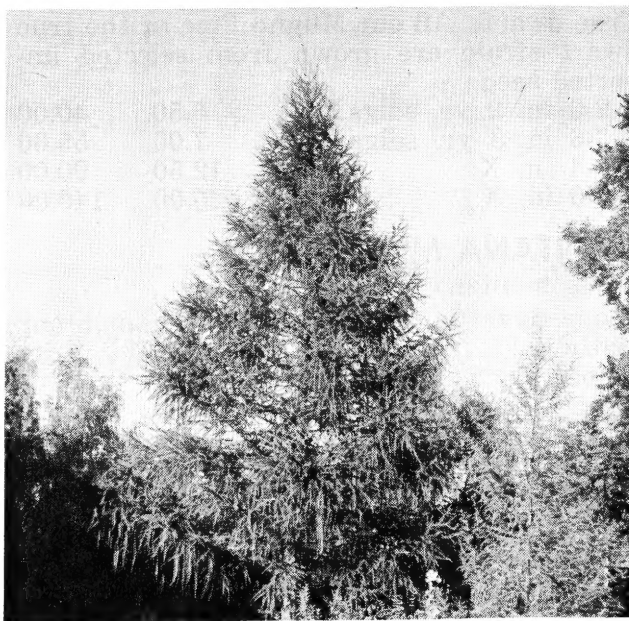

Here is an almost forgotten evergreen, and whose merits are sadly neglected. One of the most graceful and attractive of all conifers. Also one of the fastest growing. Four and five feet per year is not uncommon.

	<u>100</u>	<u>1000</u>
18-24 in. 2 yr. sdls.	\$15.00	\$110.00

12-15 in.	XX	60.00	

SPECIAL ON COL. BLUE SPRUCE

We have a surplus of Col. Blue Spruce 5 year field grown transplants, with time at a premium during the spring rush we are making a special on these. Offering them row run to eliminate costly grading. They will grade 8-18 inches, with mighty few under 12 inches. The percentage of shiners is excellent. A real buy for lining out. Have you seen any surplus of finished Col. Blue Spruce in 2 feet and up? We haven't!

Only 15 cents — \$150.00 per 1000

Minimum Order 250

A good 25 cent value

clumps offered on next page

Deciduous Liners

BIRCH, WHITE—

Betula papyrifera

Most birch on the market today are collected. Ours are **Nursery Grown Transplants**. We collect our own seed from select specimens, and germinate the seed under controlled conditions. The little seedlings are transplanted to small peat pots and later put in the field. Here under an intensive watering and feeding program, we have produced trees several feet in one year. They are superb plants.

BUT!

We are sold out for this Spring! These were offered in price list preceding this one, and the response was amazing. In a short time we were sold out on all grades. The folks who got their order in early and now have delivery have in many cases tried to reorder as they were so happy with these Birch. In spite of an increased production schedule for 1961, we have already sold better than 40% of our anticipated production. That is why we are offering them now for delivery in Fall of 1961 or Spring 1962.

Single Stems—

6-12 in. 1 yr. transplants	15c each
12-18 in. 1 yr. transplants	20c each
18-24 in. 1 yr. transplants	30c each

Straight heavy stems and fabulous roots.

3 Stem Clumps—

12-18 in. 1 yr. transplants	35c each
18-24 in. 1 yr. transplants	55c each
2-3 ft. 2 yr. transplants	90c each

Delivery Fall '61 or Spring '62.

If you have been having trouble with your birch, here is the answer to your prayer.

See actual photo of these
on preceding page.

Evergreen Nursery Co.

Sturgeon Bay, Wisconsin

— Est. 1864 —

COTONEASTER DIVARICATA—

Spreading cotoneaster

100	1000
<hr/>	

5-8 feet. Very pronounced horizontal branching habit. Again very adaptable to ranch homes. Excellent glossy green foliage. In fall parts of leaf remains green while some other areas turn red. A brilliant display of color.

9-12 in. 2 yr. sdls.	\$15.00
12-18 in. 2 yr. sdls.	18.00

COTONEASTER ACUTIFOLIA—

Peking cotoneaster

6-10 ft., 3-4 ft. hedge. Its thick upright habit of growth and glossy dark green foliage makes this an excellent hedge plant. Often used in back of perennial borders since roots grow straight down and do not interfere with roots of the flower border. Fruits black, and fall color good reddish bronze.

6-9 in. 1 yr. sdls.	8.00	60.00
9-12 in. 2 yr. sdls.	9.50	70.00
12-18 in. 2 yr. sdls.	12.50	90.00

COTONEASTER ZABELLI—

Cherryberry cotoneaster

6 ft. long slender branches. Pink flowers and bright red fruit, hence its common name cherryberry.

12-18 in. 2 yr. sdls.	28.00
-----------------------	-------

CRATAEGUS MACRACANTHA—

Spike hawthorn

6-9 in. 2 yr. sdls.	15.00
9-12 in. 2 yr. sdls.	20.00

CRATAEGUS MOLLIS—

Downy hawthorn

Bailey describes this as among the best of the native thorns. Deep green leaves, showy flowers, and large red fruit.

9-12 in. 2 yr. sdls.	20.00
12-18 in. 2 yr. sdls.	25.00
18-24 in. 2 yr. sdls.	35.00
2-3 ft. 3 yr. sdls.	40.00
3-4 ft. 3 yr. sdls.	50.00

CRATAEGUS PUNCTATA—

Dotted hawthorn

9-12 in. 2 yr. sdls.	22.00
12-18 in. 2 yr. sdls.	30.00

Evergreen Nursery Co.

Sturgeon Bay, Wisconsin

— Est. 1864 —

EUONYMUS ALATUS—

Burning bush—winged euonymus

	100	1000
Dark green heavy foliage. Good branching habit. Grows to 6 feet and over. Interesting corky bark, and a most brilliant fall color.		

6-9 in. 2 yr. sdlg.	\$12.00	\$85.00
---------------------	---------	---------

6-9 in. X	20.00	
-----------	-------	--

EUONYMUS ALATUS COMPACTUS—

Dwarf burning bush

Same excellent characteristics as larger growing alatus, except it is the dwarf type. This variety is grown from cuttings.

4-6 in. X	15.00
-----------	-------

6-9 in. X	18.00
-----------	-------

9-12 in. XX	35.00
-------------	-------

EUONYMUS EUROPAEUS—

European enonymus

Makes a large deciduous shrub 15-20 feet. It is noted for its great masses of red fruits (open capsules).

12-18 in. X	25.00
-------------	-------

EUONYMUS FORTUNEI COLORATUS—

Purple leaf wintercreeper

6-10 in. X	22.00

18-24 in. X	35.00	

TILIA CORDATA

(European small leaf linden)

4-6 in. 1 yr. sdlg.	7.00	65.00
12-18 in. X	35.00	250.00
18-24 in. X	45.00	300.00

VIBURNUM CASSINOIDES—

(Withrod viburnum)

Don't overlook this excellent viburnum. Very hardy, does well in shade. Grows from 6-8 feet high. White flowers in May-June followed by colorful elongated clusters of berries, which at first are yellowish, then pink, and finally a deep blue. Especially beautiful as all three colors can be observed on the same plant at one time. They will attract your customers attention.

12-18 in. 1 yr. sdlg.	22.00

CONTAINER STOCK

We are growing a complete list of container stock in evergreens, roses shade trees, and shrubs. Write for complete list.

CHRISTMAS TREES

Approximately 50 to 60 million Christmas trees are used in this country annually, and the growing of them in commercial plantations is getting to be a very lucrative business. Good planting stock is imperative for success. We grow large quantities for this very purpose and can supply quality trees at reasonable prices. Plant a few acres every year and you will soon have a nice annual income. We would be happy to advise you on soil, cultural practices, etc.

Seedlings are often planted for Christmas trees in an attempt to save money. It is false economy. True, seedlings cost less, but as good survival can never be expected from seedlings as from transplanted stock. The few extra cents a good transplant costs brings tremendous dividends in excellent survival. The need for replanting is eliminated, and saleable trees can be grown two to three years sooner than if seedlings were used. The varieties listed next page are the most used for Christmas tree planting, although Douglas Fir, Concolor Fir, and Ponderosa Pine are also frequently used. Write for special quotations.

The sizes on next page have wider variance than the same variety offered elsewhere in this list. By saving cost of grading we can offer them cheaper, and for Christmas tree planting they are equally as good.
